#additionalqualification

## Learning in Encounter for Common Values in Diversity

### „Sharing Worldviews“ ...

...aims to encourage respectful encounters between diverse religious or secular, collective, or individual worldviews. It provides teaching materials for schools and universities and an international qualification course for students to prepare future generations for a peaceful coexistence.

**Join our community!**

### Module Overview of the Additional Qualification

Module 1	1.1 Lecture series (asynchronous course) 1.2 Subject-specific course with study day on (international) encounter learning (on site)
Module 2	2.1 Religious studies course also including secular worldviews (asynchronous course) 2.2 Attendance of a non-subject-related university event of your choice at your universities on site or in an online offering of the partner universities (on site)
Colloquium	3. Colloquium with students from other worldviews and nations

### Topics

Realized Topics in Sharing Worldviews: Learning in Encounter

- Anthropology (2013 and 2022)

- Hermeneutic skills
- Participatory skills and inclusion
- Competence of complementary thinking
- ...

### Four-Phase-Model

Enrich your school with the didactic Four-Phase-Model

„Sharing Worldviews“ from the very beginning!

„Sharing Worldviews“ in four phases with presentation phase and exchange phase as station work in mixed groups of students. Each group/subject contributes its own view of the topic to each station.
